AIR CORPS ADVANCED FLYING SCHOOL
VICTORVILLE, CALIFORNIA

Dear Doc Post: May 28

Your wonderful collection of letters from other fellows in the service was most welcome as have been the copies of the Aztec. I left the replacement center early so I haven't been with any of the other State men in the air corps. Bill Goodchild, Eddie Seal, Bob Cozens, Hal Havens, Bill Chamberlin + Lionel Chase came to the replacement center at the same time or after I was there. Bob + I were in the same primary school but I haven't seen another State men since being in this army. The fellows I have come to

know are really good men most of them from ~~the~~ middle west.

Heard today Bob Cazens is now at ~~Fl~~ Stockton Advanced School. Don't you Aztecs slack up on writing those letters because they are oh so welcome. J. D. Walker (old timer Aztecs will remember him) is now a 2nd Lt. and so is Harry Bratt. Any cadet in 43-F will be a 2nd Lt. about June 20th so the long line of Aztecs in service keeps growing. Hello to you other guys fighting for our Uncle and some day we'll all meet over Tokyo for a reunion.

Well, keep up this swell mass letter "Doc" because it is really welcome.
