## 'Roberta' Opening Nears

### Ticket Sale Soon For Guild Offering

Tickets will go on sale soon for "Roberta," the second annual presentation of the San Diego State Musical Comedy Guild, according to Ole Kittleson, president of the guild.

The show opens Feb. 7 at 8:30 p.m. in the Hoover High School Auditorium. Three more performances will follow on Feb. 8, 14 and 15.

Music for the show was written by Jerome Kern, with lyrics by Otto Harbach. Songs included are

"Smoke Gets in Your Eyes," "Yesterdays," "Lovely to Look At," "I Won't Dance," "You're Devastating," "The Touch of Your Hand" and "A Fine Romance."

The story concerns a young college football hero who inherits a Paris dress shop. Dan Dierdorf plays John Kent, the football star who can't decide between a Russian princess, a Hungarian cafe singer and his American sweetheart. Jeannine Fetterolf plays the princess, Shirley Blackwell plays the singer, and Martha Cook plays Sophie, the belle of Haverhill College.

### Principals Listed

Other principals in the cast are Relene Keller, Roberta; Todd Van Every, Huck Kalmes; Louis Repaci, Billie; Barbara Hall, Mrs. Teale; Gary Riggs, Lord Henry Delves, and Dave Boucher, Ladislav.

Supporting roles are played by Elissa McNeely, Joy Crofts, Kathy Kendall, Tom Pastore, Carole Linthicum, Jim Boyce, Joe Turner, Janet Wilson, Carol Cotton, Claire Vesco, Sunny Donell and Margie Webster.

The result was "Roberta" which opened at the New Amsterdam Theater in New York in the fall of 1933. The first production of the show featured such actors as Fay Templeton, Fred MacMurray, then a new-comer to Broadway, Bob Hope, George Murphy and Sydney Greenstreet.

A more recent version of "Roberta," a film titled "Lovely to Look At," featured Kathryn Grayson, Howard Keel, Red Skelton and Marge and Gower Chapman.

### Organized Last Year

The SDS Musical Comedy Guild grew out of the 1956 Sophomore Class musical "Best Foot Forward." It was officially organized (Continued on Page 3)

## 'Itch' Actress Has Eye On Broadway

By Pat Thompson

Several years ago, there was a little girl who sat through movies twice to see how the actors and actresses performed. Today that little girl, now a tall blonde with a casual pony-tail and a soft low voice, still sits through movies twice.

To see her dressed in the coed's typical skirt and sweater, a person would never think that here was a rising young actress. She doesn't wear dark glasses or carry copies of Variety and Billboard tucked under her arm, yet Anne Farrar, junior drama major, is a full-fledged star at the Old Globe Theatre.

### Wins Atlas Award

Winner of the Atlas award as the best actress in the Summer Shakespeare festival of 1957, Anne is now appearing in an entirely different role. She plays the girl in "Seven Year Itch", the role that Marilyn Monroe made famous.

Those who saw the movie version of the "Itch" will find the famous "sidewalk grating" scene eliminated in the stage production, Anne said laughingly. She confessed that she hadn't seen the movie, so wasn't influenced by the Marilyn Monroe portrayal.

"I love the part because it gives me such a good chance for variety

and is a wonderful change of pace from the stylized work I've been doing," Anne said. "Comedy roles give the actor an opportunity to exercise the freedom which is so necessary for the growth and development of an acting style and technique."

Although she admitted to being a little dubious about such a drastic change in type before opening night, the critics' reviews assured Anne that she had done the right thing.

Bruno Ussher in the Evening Tribune called the 30-year-old actress "the type of girl that could cause the 'itch'."

## FRIDAY'S MOVIE

"Camille," starring Greta Garbo and Robert Taylor, will be shown in the HS Auditorium at 2, 4:30 and 8 p.m. Friday.

The film is the story of one of the gayest eras in the romantic

history of Paris and a woman who is suffering from an incurable disease.

Admission to the movie is free with an AS card, 25 cents with a faculty card, and 50 cents general admission.

## SENIORS

Seniors who haven't had their pictures taken for the 1958 Del Sudoeate have a final opportunity to do so this week.

No appointments are necessary. Tickets must be purchased in the bookstore for \$1.50, and an information card must be filled out at the same place. After this procedure is completed, the student can go to PS105 for the picture according to the schedule below:

Today and Thursday—8 a.m. to 12 noon.

Wednesday—1 p.m. to 4 p.m. Thursday evening—6:30 to 9:30.

Students must bring the ticket and information card to PS105 when the picture is taken.

Male students must wear white shirts and plain, dark ties.

THE NEW BOOKSTORE ANNEX, located in the HS Building has caught the fancy of this coed. By browsing around the annex, she will be able to select items from a complete stock of notebooks, pens, paper, and similar supplies. Soft drinks, sandwiches, ice cream and other foods are also on sale.

## Bookstore Opens HS Building Shop

The Bookstore opened an annex in the HS building Thursday, Dick Thomas, graduate manager, announced.

The new annex, which has been a hall coffee shop since the beginning of the semester, is now serving the HS area with school supplies, food, soft drinks, coffee, candy, paperbacks and bluebooks.

The new annex is located in the lobby of the first floor. It is equipped with two checkstands for fast service. Other features are refrigerated milk and ice cream dispensers and a new type of soft drink dispenser that contains five flavors.

The new store is open from 7 a.m. to 8:30 p.m. Monday through Thursday. It is open from 7 a.m. to 3 p.m. on Friday.

The staff includes Fran Black, Nita Herpolsheimer, Mildred Petzold, Jimmy Bigger and Joe Graham.

According to Thomas, the most popular items are situated around

the walls and on the checkstands, with the less essential supplies arranged on the four shelves in the center.

## College Y Groups Schedule 2 Meets

Two group discussion meetings will headline the College Y program this week.

At Wednesday noon, there will be a meeting of the "Skeptics' Corner." Dr. Will Herberg's recent article, "The Christian Witness In An Emerging 'Other-Directed' Culture," will be discussed. This will be a continuation of a discussion held before Christmas.

At 11 a.m. Thursday the initial meeting of the Campus American Friends Service Committee will be held. "This is a group which will discuss relevant universal topics and make plans for summer projects," said David Neptune, executive director of the College Y. "Such projects include helping needy or unfortunate groups of people in the United States and throughout the world."

## CBS Writer Will Lecture

The Lectures and Assemblies Committee will present a lecture by Daniel Schorr, Moscow correspondent for the Columbia Broadcasting System, at 11 a.m. Jan. 14 in the Quad.

Schorr, whose talk is "Can Russia Hold Her Satellites?" has covered the Moscow area for two years. Last summer he participated in a national television interview of Nikita Khrushchev.

Schorr has been a foreign correspondent since the end of World War II. He reported for The New York Times, Christian Science Monitor and the London Daily News.

He covered the Belgian crisis, the abdication of The Netherlands' Queen Wilhelmina, and the development of the Luxembourg coal-steel pool. He also reported on events in Venezuela, Costa Rica, Panama, Germany, Austria, Greece and Turkey.

Schorr was the only American correspondent who covered the Poznan trials in 1956.

## Activity Calendar Deadline Is Friday

Deadline for turning in reservations for events to be listed on the activities calendar is this Friday. Requests turned in after then will not appear on the printed calendar distributed at registration, according to Marjorie Wallace, activities adviser.

The priority system used on the fall calendar will be observed for the spring calendar. In case of conflict college sponsored events filed first will take precedence over individual organization events.

Authorized representatives of any officially recognized campus organization may enter an event on the calendar by reporting to the Activities Office, BA105, and signing the appropriate request form.

## Library Records Must Be Cleared

All students should check at the Main Circulation Counter in the library to make sure their records are clear before leaving the campus for the semester, Dr. John Paul Stone, college librarian, said.

All library books will be due Jan. 21. After that date any necessary use of the library will be on a day-to-day basis. Grades will be held for those with unpaid fines or overdue books, Stone added.

## Cagers Dump Poets, Downed By Waves

San Diego State's varsity basketball team, led by guard Blake Neal, put on a tremendous scoring drive in the final seven minutes of the game, to come from far behind and defeat Whittier's Poets 70-52 in an overtime game Friday night in Aztec Gym.

Neal scored 14 points in the final seven minutes of the game which enabled the Aztecs to recover from a 53-42 deficit and tie the Poets 62-62 as the final buzzer sounded.

In the five minutes overtime period the Aztecs held the Whittier quintet scoreless and emerged with a win which avenged San Diego's loss to the Poets earlier in the season.

Other Aztecs to hit in double figures were Hal Brown and Bernie Finlay, who tallied 15 and ten points respectively. Bill Harmon and Earl Reese hit for 16 and 15 points to be the top scorers for Whittier.

### PEPPERDINE

Pepperdine's Waves won their ninth game in as many starts Saturday night, as they easily rolled by San Diego State's Aztecs 84-68 before 14,000 spectators at Aztec Gym.

The red hot Waves dumped in 61 per cent of their shots while the Aztecs hit only 40 per cent of theirs.

Sterling Forbes and George Taylor led the way for the Waves quintet by dunking 27 and 23 points respectively. Forbes, only a freshman, displayed an excellent exhibition of accurate jump shots, which, combined with Taylor's fine shooting, put the Waves out in front in the scoring, a position which they never lost.

## Proposal Made For SDS, USD Game

A movement to schedule a basketball game between San Diego State and the University of San Diego this season went into full swing yesterday afternoon.

The resolution read: "Be it resolved that the Student Council of San Diego State College do everything within its power to schedule a basketball game with the University of San Diego this season."

The reasons given for this request by Larry Townsend, senior, student-at-large, representing the group, included the following:

1. The game would be a benefit to the spirit of both schools.
2. A cross-town rivalry is a healthy athletic achievement.
3. Rivalry between the two great schools here in San Diego would inspire increased competition, build school spirit, increase alumni support of the respective schools, and make the community-at-large more cognizant of the athletic programs of both schools.

## RUGBY

There will be a meeting of the Rugby team today at 11 a.m. in LSIOL, according to Ian Richardson.

Besides planning when practice will start, a film, titled "UCLA vs. Queen of Ireland in Rose Bowl" will be shown.

Mr. Fred Quett of the Engineering Department is the new advisor of the organization.

## GOLF

There will be a meeting Tuesday, January 14, in T30A at 11 a.m. for all people interested in varsity golf, according to Coach Frank Scott.

Discussion on scheduling and team qualifications will be the main topics on the agenda.

## TENNIS

There will be a meeting of all men interested in the tennis team Thursday at 11:30 in the Aztec Gym. "There are places for six men on the varsity and four men as alternates," tennis coach Al Olsen said.

PENN R. POST received his B.S. in engineering from U.C.L.A. in 1956. He is now in the second year of General Electric's Technical Marketing Program, in the Company's General Purpose Motor Department.

## "In a growing industry, there's room for me to grow"

"Here at General Electric," says Penn R. Post, 24-year-old marketing trainee, "you hear a lot of talk about the future—even as far ahead as 1978. In fact, I've discovered that planning ahead for America's needs 10 and 20 years from now is characteristic of the electrical industry. And, what's important to me, General Electric's long-range planning takes my future into account. I'm now on my fourth assignment in the Company's Technical Marketing Program—all planned steps in my development.

"I'm pretty confident about the electrical future, too. For one thing, America's use of electricity has been doubling every ten years. And it will increase even faster as our population grows another 65 million by 1978—and as research and development lead to new electrical products that help people live better. The way I look at it, the technical, manufacturing and marketing resources of large companies like

General Electric are important factors in the growth of the electrical industry. And in a growing industry, there's room for me to grow."

Young people like Penn Post are an important part of General Electric's plans to meet the opportunities and challenges of the electrical future. Each of our 29,000 college-graduate employees is given opportunities for training and a climate for self-development that help him to achieve his fullest capabilities. For General Electric believes that the progress of any industry—and of the nation—depends on the progress of the people in it.
